Review Articles

Seeing Is Believing: Illuminating the Source of In Vivo Interleukin-7
Grace Yoonhee Kim, Changwan Hong and Jung-Hyun Park .................................................. 1

The Role of MicroRNAs in Regulatory T Cells and in the Immune Response
Tai-You Ha ................................................................................................................................. 11

Original Articles

Anti-inflammatory and Anti-oxidative Effects of Korean Red Ginseng Extract
in Human Keratinocytes
Chang-Eui Hong and Su-Yun Lyu ............................................................................................. 42

Expression of Epstein–Barr Virus Gene and Clonality of Infiltrated T Lymphocytes
in Epstein–Barr Virus–associated Gastric Carcinoma
Jae Myun Lee, Hognen Kim, Sung Hoon Noh, Won-Young Lee,
Se Jong Kim and Jeon Han Park ............................................................................................. 50

Dietary Aloe Improves Insulin Sensitivity via the Suppression of Obesity–induced
Inflammation in Obese Mice
Eunju Shin, Kyu-Suk Shim, Hyunseok Kong, Sungwon Lee, Seulmee Shin, Jeunghak Kwon,
Tae Hyung Jo, Young-In Park, Chong-Kil Lee and Kyungjae Kim ........................................... 59

Effects of Pre-conditioning Dose on the Immune Kinetics and Cytokine Production
in the Leukocytes Infiltrating GVHD Tissues after MHC–matched Transplantation
Jung Hwa Choi, Hyewon Yoon, Chang-Ki Min and Eun Young Choi ......................................... 68

Deoxypodophyllotoxin Induces a Th1 Response and Enhances the Antitumor
Efficacy of a Dendritic Cell–based Vaccine
Jun Sik Lee, Dae Hyun Kim, Chang-Min Lee, Tae Kwun Ha, Kyung Tae Noh,
Jin Wook Park, Deok Rim Heo, Kwang Hee Son, In Duk Jung, Eun Kyung Lee,
Yong Kyoo Shin, Soon-Cheol Ahn and Yeong-Min Park ......................................................... 79
